

Drake's Restaurant: 4 Locations in 4 States

PROJECT DESCRIPTION

Client: Drake's Restaurant

Locations: Indiana, Illinois, Tennessee, and Kentucky

Surface Area: 6,000 square feet

Year Completed: 2020 - 2021

Knoebel Construction is the general contractor for four Drake's restaurant and entertainment venues in four states. Each approximately 6,000-square-foot location features one or two large bars, approximately 30 televisions and a covered patio for games.

When fully operational this location can accommodate 210 guests with a combination of inside and outside seating.

In the recent builds, kitchen design modifications were made to ensure smooth delivery of higher volumes of carry-out business and massive plexiglass dividers were installed to separate each booth. Parking areas are designated for online order pickup.

Through careful coordination with the owner and subcontractors using 3-D imaging, digital communication, online project management tools, and following new safety requirements and restrictions, Knoebel was able to complete the project on time as per the Owner's requirements.

Drake's is a Kentucky-based chain restaurant with locations across the Midwest and Southeast. The restaurant offers more than 20 craft beers on tap, a variety of sandwiches, salads and burgers, as well as a full sushi menu.
