

Fresh Thyme Farmer's Market: 3 States, 5 Locations

PROJECT DESCRIPTION

Client: Fresh Thyme Farmer's Market

Location: Missouri, Ohio, and Indiana

Client: 28,720 square feet

Architect: NORR

Fresh Thyme Farmer's Markets combine the spirit of a weekend farmers market with the convenience of a neighborhood store and the offerings of a natural food and health retailer.

To date, Knoebel Construction has completed work on five Fresh Thyme grocery stores. The stores feature an extensive bulk food section with more than 400 bins of items and 25 percent of the store's floor space is dedicated to fresh produce.

The construction projects, which consist of precast concrete and custom interior finishes, are completed within a condensed schedule.
