

## Melvin Brewing: Eureka, MO

### PROJECT DESCRIPTION

**Client:** Melvin Brewing

**Location:** Eureka, MO

**Surface Area:** 12,700 square feet

**Year Completed:** 2019

Knoebel Construction converted an existing space consisting of a restaurant, retail stores and storage spaces into the new Melvin Brewing in Eureka, MO. The innovative brewpub was built to merge a fully functioning brewery and an entertainment experience.

The 12,700-square-foot brewpub seats 276 guests and features a full-service bar and restaurant. Surrounded by a game room, a private event space and a full bar, the brewery is equipped to brew and package 1,500 barrels of beer.

Loading docks will facilitate shipping of product to 15 states. Other features include outdoor patio seating for 50 guests, outdoor gathering spaces with a firepit, a lounge area and a retail store.

Eureka is the fourth location for the Wyoming-based craft beer maker, distributor, and restaurateur. Melvin Brewing Eureka features more than 20 on-tap beer selections and an Asian-influenced pub fare menu.
