

Rediger Orthodontics

PROJECT DESCRIPTION

Client: Rediger Orthodontics

Location: Arnold, MO

Surface Area: 9,000 square feet

Rediger Orthodontics called on Knoebel Construction for the ground-up construction of their new 9,000-square-foot facility in Festus, Missouri. Their goal was to open a fully functional and great looking facility on time and within budget.

As general contractor and construction manager, Knoebel managed all construction aspects of the project, which included specialized medical gas and piping.
