

## The Learning Experience: St. Peters, MO

### PROJECT DESCRIPTION

**Client:** The Learning Experience

**Location:** St. Peters, MO

**Surface Area:** 10,000 sf

**Year Completed:** 2019

**Architect:** CASCO + R|5

The Learning Experience purpose-built early childhood center in St. Peters, MO was designed and built to create an environment where children feel comfortable, safe and ready to learn. The 10,000-square-foot facility features ten, colorful classrooms; a spacious outdoor, fenced play area with soft turf; kitchen; offices; reception area; and an interactive, whimsical classroom that features a miniature Main Street, USA. Facility features include secure, private access; rounded corners in hallways and classrooms; and bathrooms designed for age-appropriate use.

The St. Peters location is the first center to be built to the brand's new design prototype. One of the fastest-growing childcare franchises in the United States, 300 The Learning Experience early education centers are open or under development.
